PROPERTY OWNERS AND/OR LOCAL OFFICIALS PERMISSION: Obtained by

Craig Hosking with assistance of Production Company.

DESCRIPTION OF ACTIVITIES: The aircraft will be filmed by ground cameras as it makes low passes and brief touch and goes on the ramp. The aircraft will only take off and land on the runway. The area of the ramp where aircraft are currently parked will be cleared and I'll do a very brief touch and go on that area of the ramp to create the illusion that I actually landed there. In reality, that area of ramp space is too short for an actual landing. If there is additional traffic in the area, I will just fit in with the normal flow with my approaches to the evacuated ramp area. There is no public access to the filming area. There will be no non-participants within 500 ft. of the filming operation. There is an extensive operation under way to inform tenants and isolate the area. This operation has been coordinated with the Fox Field Airport Administration and Tower.
